Welcome to the 2018-2019 school year!

As the Superintendent of the ConVal School District, I want to personally welcome each of you back to school. You are attending a school that recognizes that you are an individual and works to personalize your learning.

You will have the opportunity to do many things that you enjoy, but I want to challenge you to try to learn something this year that is different, that stretches you as a learner and as a person. Maybe you will find that you are an actor, a chef, a photographer, an athlete, or a scholar. Try out for the team, the part, write a story, submit a work of art, or create new software or an app. Discover. Stretch. Persist. No matter the choice, there are teachers, counselors, and administrators ready and willing to help you, you need only ask- or just answer when they reach out to you.

Whatever you decide, make your days here count. The ConVal School District has the desire to help every student succeed no matter the challenges that they face, so ask yourself this question “What does success mean to me?” Once you have answered that question, pursue it relentlessly by proceeding as if success is inevitable.

An unknown poet once said “The start of something new, brings the hope of something great”. As the New Year begins, my hope for you is that you find a new passion, one that challenges you, fulfills you, and furthers your journey as a student and the adult that you wish to be.

Make it a great year!

Kimberly Rizzo Saunders  
Superintendent of Schools

## **CONVAL REGIONAL SCHOOL DISTRICT MISSION VISION AND CORE BELIEFS**

### **Mission**

To provide opportunities and inspire our learners to explore interests, pursue new knowledge and skills, learn about self and others, and give of oneself to the greater community.

### **Vision**

In the ConVal community, all learners will achieve academically, act thoughtfully, and contribute to the larger society.

### **Core Beliefs**

These beliefs are those ideals, thoughts, and attributes that we feel must exist for our students, our community, and our society to thrive.

- We believe that All must mean All. We must provide the opportunity for each and every student to reach his/her maximum potential.
- We believe that there is not only one path to student success and achievement. We must offer students a variety of learning opportunities to achieve his/her version of success. Although we value the unique characteristics of each of our schools, we believe that all ConVal schools should provide a guaranteed, viable curriculum and be equitable in terms of learning opportunities and services.
- We believe that ConVal should continue to participate and “give back” to our local communities.
- ConVal is committed to full inclusion for students with disabilities. Conval will ensure teachers and staff are supported to ensure all students have access to rigorous curriculum within the general education setting and by presuming competence of all students.
- We believe that understanding the learning process is paramount to our work, we are committed to knowing when students are and are not learning, and we believe that it is our responsibility to ensure that learning and student growth occur.
- We believe that positive relationships are the fundamental building block for learning.

## FRANCESTOWN ELEMENTARY SCHOOL

*At Francestown Elementary School, our mission is to guide children to become critical thinkers, engaged learners and respectful, contributing citizens, fostered by a cooperative effort between school and community.*

Dear Parents and Students,

Welcome to the 2018 - 2019 school year! I am thrilled to be entering into my second year as the principal of FES. I truly enjoyed getting to know everyone last year and I am looking forward to strengthening my relationships with students and families. In addition to our new Kindergarten students, we also have a couple new families in the district whose children will be starting at FES this year. We also are welcoming in some new faces to our staff and of course many staff are returning.

There are some new and exciting things on the horizon here at FES for the 18-19 school year. Our staff is dedicated to creating Communities of Learners both in their classroom and school-wide. To this end, we are working closely with the School Counselors to develop a Universal Behavior System that incorporates elements of Responsive Classroom, Zones of Regulation, and Social Thinking curricula. We are also planning three parent nights, during which parents will learn about the school curricula and how to best support their students at home.

The Student-Parent Handbook is to be used as a guide to FES and the ConVal School District. It outlines policies and procedures that govern how our school operates and functions. Please take the time to familiarize yourself and your child with its contents. After reviewing the information presented in this handbook, please contact the office if you have further questions.

I look forward to working with you and your children. I have an open-door policy and welcome your communication at any time. Please do not hesitate to contact me at [kfoecking@conval.edu](mailto:kfoecking@conval.edu) or (603) 547-2976. Let's work together to provide your children with the best education possible.

Sincerely,

Katherine Foeking  
Principal

## CULTURE & CLIMATE

### Vision for the culture of FES

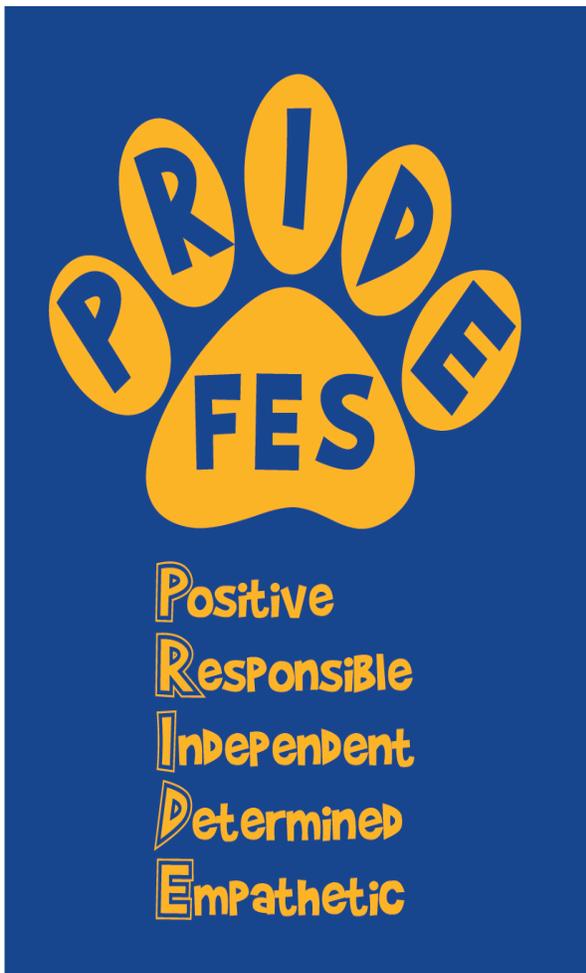

All members of the FES learning community will demonstrate the school core values and meet behavioral expectations while being contributing members to a safe and supportive learning environment.

### Mission for the culture of FES

“The mission of the FES Climate and Culture Committee is to provide teachers, staff, students, and families with:

- Clear expectations for positive behavior
- Clear protocols and procedures for responding to behavior
- Direct instruction of and praise for demonstrating FES core values - Positive, Responsible, Independent, Determined, Empathetic

In order to facilitate an environment that will foster academic and social growth for all students.”

## ATTENDANCE

### ***Student Attendance***

Regular and punctual patterns of attendance are required of each student. Student attendance is the responsibility of the parents and students. While absences due to illness or other reasons are sometimes unavoidable, parents are encouraged to make every effort to minimize unnecessary student absences. To assist parents or guardians in fulfilling this responsibility, we will inform you of excessive absences if they occur.

### ***Reporting Tardy Arrivals***

Prompt arrival is very important. The beginning of the day is an essential time in each classroom for community building and introducing the day's activities and plans. Coming to school late can be very disorienting for children. **Parents are expected to accompany children inside and sign in upon arrival.** This ensures your child's safe arrival and helps us maintain accurate attendance records. Parents are expected to call by 8:45 am to report a child tardy. We need to know whether your child needs a school lunch and what time he or she will arrive. **When you bring your children to school, it is very important that you also stop in the office to sign your child in, or if you are picking your child up early, you need to wait for your child in the office and sign him or her out before leaving the building.** We will always make sure that each child gets safely to his or her class and that any messages you have for his or her teacher will be delivered.

### ***Reporting Absences***

All students, including kindergarten students, are expected to attend school regularly and arrive on time. Punctuality and regular attendance are essential for supporting children's social growth and academic progress.

If your child is going to be absent, please call by 8:45 am each day your child is absent to confirm he or she is safely in your care, 547-2976. (In the case of a planned absence, it may be more convenient to notify us beforehand.) If we do not hear from you, we will call you to inquire about your child.

### ***Unexcused Absences***

After three days of unexcused absence, regardless of grade, a letter is sent to the parent/guardian. This letter refers to New Hampshire state law, RSA 193:1 Duty of Parent; Compulsory Attendance by Pupil...requires:

A parent of any child at least 6 years of age and under 18 years of age shall cause such child to attend school...Such child shall attend full time when such school is in session unless: [the child] has been temporarily excused upon the request of the parent for purposes agreed upon by the school authorities and the parent. Such excused absences shall not be permitted if they cause a serious adverse effect upon the student's educational progress.

After the fifth unexcused absence, a five-day letter is sent to request a meeting with the parent/guardian. A meeting will be held with the parents and a plan developed. The meeting will include school social worker, school counselor, principal, and/or Special Education Coordinator All letters and plans will be copied to the Assistant Superintendent and Director of Student Services.

### ***Process for Excessive Excused Absences***

Five consecutive days requires a doctor's note (if there is no note, the absences become unexcused, and the unexcused process is followed).

Cumulative days require:

1. 15 days excused absences (cumulative) – request a meeting
2. 25 days excused absences (cumulative) – Assistant Superintendent and Assistant Director of Student Services will contact the parent/guardian via letter to schedule a meeting.

The School Board considered the following to be excused absences:

- Illness
- Recovery from an injury
- Require court attendance
- Medical and dental appointments
- Death in the immediate family
- Observation or celebration of a bona fide religious holiday
- Such other good cause as may be acceptable to the Principal or permitted by law

Any absence that has not been excused for any of these reasons will be considered an unexcused absence. Also, please note that children who are sick and stay home from school are not allowed to attend any school functions on that day.

### ***Dismissal Changes***

PickUp Patrol is our online system for parents to communicate dismissal plan changes to the school. Parents are expected to keep plans updated in PickUp Patrol. Parents receive an email at the beginning of the school year with PickUp Patrol login instructions. Changes can be entered from a smartphone, tablet, or computer, days, weeks, or even months in advance and at any time up until **2:50** on the day of the change. After **2:50**, changes will not be accepted except in the case of an emergency. Such changes can be made via phone directly to the main office. As the end of the school day is a busy time, please plan accordingly and limit these exceptions to emergencies **ONLY** to assure the safety of all students.

### ***Afternoon Dismissal: Bus & Car Pickup Procedures***

Dismissal: 3:25 pm

**Bus Dismissal:** FES staff members dismiss children to buses at the time listed above.

**Car pickups:** If you are picking up your child after school, please arrive promptly at **3:25**. You can drive your car around the parking lot and form a line along the sidewalk. For safety reasons students will be loaded into cars as they arrive in line. **Do not leave your car unless you park in a designated area. At 3:30 any children who are still at school will wait in the building outside the front office.** If you are later than 3:30, please park your car and come inside to pick up your child.

**Bicycle riders:** For safety reasons, bike riders will depart after pickups have left. Bike riders should wear helmets.

## BEHAVIOR

### ***FES Behavior Expectations***

Students have a responsibility to behave in a manner appropriate to good citizenship everywhere, with courtesy, consideration, and respect. Our school upholds the tenets outlined by the ConVal School Board on student conduct. Behavioral expectations are detailed in District policies in subsequent pages of this handbook.

### ***Responsive Classroom***

**Responsive Classroom**, the philosophy at FES, is an approach to teaching and learning that fosters safe, challenging and respectful classrooms. Developed by classroom teachers, this approach consists of practical strategies to combine social and academic learning throughout the day. The foundation of Responsive Classroom is knowledge of child development, explicit teaching of social as well as academic skills and the facilitation of positive community membership. Cooperation, assertion, responsibility, empathy, and self-control (CARES) is a specific set of social skills that children need to learn and practice to become successful socially and academically. The outcomes are positive classroom climate, increased learner investment, and independence and decreased disruptive behavior.

### ***Behavior Pathways***

**Behavior Pathways:** These are the steps in our behavior program

Pathway 1: Proactive Discipline

Creating, modeling and practicing the rules

Class meetings

Pathway 2: Reminding and redirecting

The three R's of teacher language: reminding, reinforcing and redirecting

When cues from the 3 R's don't work, logical consequences – must be relevant, realistic and respectful, an apology of action – you break it, you fix it, or loss of privilege.

Pathway 3: Time out in the classroom

Pathway 4: Timeout in buddy teacher's classroom

Pathway 5: Involve the principal

Pathway 6: Involve security

Most behavior issues are handled and resolved with the classroom teacher but occasionally a student(s) may result meet with the principal (Pathway 5). These behaviors may include noncompliance, severe unresolved disrespect to a teacher, physical and/or verbal aggression that disrupts the safety and/or learning of others, threats, profanity, and repeat offenders. Physical aggression is not tolerated at FES.

### ***School Suspension Process***

Suspension is only considered for behavior that is significantly and/or persistently disrespectful, unsafe, and/or harmful.

If a student is suspended, the parents are called, and the child must be picked up right away. If the school cannot reach the parent, then the person listed as the emergency contact is called to pick up the student.

When parents pick up their suspended child, they are given a written explanation of the student's inappropriate/rule violating behavior, the length of the suspension and what must be brought back with the child to the formal re-entry meeting. This may include missed class work, appropriate letters of apology, and a written plan for more appropriate behavior.

### ***Student Re-entry from a School Suspension***

At the scheduled re-entry meeting, the student and parent meet with the Principal and/or another principal-designated staff member. There is a review of what led to the suspension, and a review of the student's apologies and written plan.

Before being allowed to re-enter the classroom, the student must demonstrate that they are ready to come back to school and act appropriately.

The re-entry process is a key factor in students making better choices regarding appropriate behavior, and can help classmates to understand and support the student's follow-up plan for behavior that is more respectful, safe, and kind.

### ***Student Conduct: Rights, Responsibilities, and Consequences***

Students will not be permitted to engage in any behavior that deprives other students of an orderly atmosphere for study. The ConVal District School Board is committed to providing a safe school environment, in which all members of the school community are treated with respect. The right of each student to an education will receive the highest priority.

## **COMMUNICATION**

### ***Communicating with Your Child's Teacher***

All teachers send home **newsletters** to keep parents informed about their child's class. Please read these letters carefully. Important dates and information are found there.

All staff members are available through email. Use the person's first initial and last name, followed by @conval.edu. Please use email for school purposes only. Teachers may be reached one-half hour before school begins in the morning or after school. Because our instructional time with students is so focused, we will make every effort to return phone calls or emails as soon as possible. Unless there is an emergency, however, teachers will not be interrupted during instructional time.

Francestown is on a **quarter reporting schedule**. This year there is one planned parent – teacher conference on November 6, 2018. Report cards go home four times a year, approximately every 45 days.

### ***Reporting Student Growth and Progress***

This school values positive, meaningful communication between school and home. Class newsletters provide parents with information about what current academic topic/units and upcoming special events. Parents also benefit when they volunteer, participate in parent-teacher conferences, review quarterly progress reports, attend special student presentations/ performances, and come to the school-wide Open House held in late September.

Parents will receive regular communication from the school about their child's learning progress. The Principal will notify parents of upcoming school-wide assessments. Assessment results (NHSAS, NWEA MAPS, AIMSWeb) will be sent home to parents after each testing period as well. Also, information about each school-wide/district-wide assessment will be provided to parents through the website.

### ***Parent Concern Process***

If you have a school-related question, please contact the appropriate staff member (e.g., the teacher, the school counselor, or school nurse) who will try to respond to your concerns in a timely and helpful manner. If the matter is not resolved, parents may contact the Principal who will arrange a joint meeting with parents and the appropriate teacher or staff member.

## **GENERAL INFORMATION**

### ***Bus Company Contact Information***

Bus transportation for all ConVal students is provided by Student Transportation of America. Specific questions about bus routes or bus issues should be directed to the bus company's management at **924-9211**. The bus company maintains communication with all of its bus drivers and all of the ConVal schools. Activity on all bus routes is monitored through video tapes/DVD recordings.

### ***Emergency Procedures***

The Frankestown Elementary School has carefully planned Emergency Management Procedures that detail the evacuation routes and safety procedures to be used in the event of an emergency. An Emergency Management Plan is posted in each classroom. Safety drills are practiced regularly with students. If school is canceled or delayed it will be posted on Channel 9 news, WMUR, listed under (Contoocook Valley Regional School District or Conval). It will also be on local radio stations including WNHQ 92.1 FM; WKBK 1220 AM or WXOD 98.7 FM; WKNE 1290 AM or 103.7 FM; or WBZ 1030 AM. The ConVal District website will also post school closings. In the event of an early release due to bad weather, school delay or cancellation, or emergency situation we use School Messenger, an automated phone system, to notify parents.

### ***Fire Drills***

The school holds ten drills throughout the school year; these include fire drills and other emergency drills. Students must remain quiet and in line throughout each drill. Evacuation directions and procedures are posted in each classroom and other areas of the school.

**If parents are present during drills, they must participate in the drill and follow the instructions of the incident commander for accountability and safety purposes.**

### ***Homework***

Parents are encouraged to convey the message that the completion of homework assignments is important and a valuable part of each student's education. Classroom teachers will send home a homework policy for their class during the first few weeks of school. Assigned homework will be in keeping with the level of the class and the age and ability of the students. Some homework assignments may be activities, while others will be practice necessary to reinforce classroom instruction. Parents are

sometimes asked to sign homework assignments and are always welcome to call the school for clarification about homework.

### ***Parking***

Parking is limited to those areas marked by white lines. **There is no parking on the drop-off loop, bus lane, or in any area with no parking signs.** When picking up children at the school, please look for actual parking spaces if leaving your vehicle. If you remain in your vehicle, you may line up along the parking area curb.

### ***PTO (Parent Teacher Organization)***

The PTO supports classroom activities and sponsors many additional programs and meets once a month. Attending a PTO meeting is a great way to find out what's going on, to get to know others, and to offer your suggestions. Meetings occur on the third Monday of each month at 3:30 in the school library.

PTO meeting notices are on the bulletin board and sent home in your child's backpack. For more information on the PTO, please contact: Heather Whipple-Simard, President, 831-0888,

[Hnnwhipple@comcast.net](mailto:Hnnwhipple@comcast.net)

## **SUBSTANCE ABUSE**

By NH State Law, smoking is not permitted in the school or on the school grounds. Title X, 126-K:7-1 States "No person shall use any tobacco product in any public educational facility or on the grounds of any public facility".

Alcohol and illegal substances are not permitted on school property as per the District Alcohol and Substance Abuse Policy (JICHB). If a child brings alcohol or illegal substances onto school property, the school administrator will notify the district office and parents/guardians. A meeting will occur that includes the parents/guardians, school administrator, and school counselor in order to determine appropriate next steps.

## **VISITORS**

**All parents and all visitors must report to the office upon arrival to sign in, and sign out before leaving the building.** For safety and security reasons, students and visitors will use the main entrance, and the doors at the end of each corridor remain locked at all times. We make every effort to respect the teaching time that our teachers have with our students, and we always welcome parents to our classrooms for **planned** visits. Checking with teachers prior to visits allows teachers to inform you of any special situations (testing, trips, and programs).

## **VOLUNTEERING**

Studies show a positive connection between parental school involvement and a child's academic performance. FES has a proud tradition of parent volunteers (as well as grandparents, siblings, extended family and community members) who create a richer school and extra-curricular experience for all students. There are many ways to play an active part in the school community: in the classroom; at

special events; publicity and communications; baking or other preparations at home; or even just to make phone calls. Each classroom sends home a “classroom volunteer form” at the beginning of the year. We welcome our volunteers who give so much of their valuable time and talents to benefit our students and our school. Our success is due to the efforts that all of us make together as a community, and we very much appreciate everything that our volunteers do for our students.

## WHAT TO BRING

Students need to bring a healthy snack every day; if they are not getting hot lunch, they also need a healthy packed lunch.

It helps to have an extra pair of dry socks in the winter and a change of pants, socks, and underwear for very young children who may have an accident at school.

Also, all students need to bring a modest-sized backpack for storing their snack, extra clothing, books, take-home folders, notes, school projects, etc. Backpacks need to be small enough to fit easily into student cubbies.

Students **may not have** chewing gum, toys or games from home, or any electronic devices in school. If students use these on the bus ride to school, they must remain in the student’s backpack for the duration of the school day. Unauthorized items will be confiscated, and parents will be asked to retrieve them from the main office. *The school does not accept responsibility for any stolen or lost toys, electronics, or other personal items.*

## WHAT TO WEAR

Parents are expected to help children come to school clean, neat, and dressed appropriately for the ever-changing New Hampshire weather.

- Safe and appropriate footwear must be worn at all times; sneakers are fine for indoors and a necessity for physical education. NH fire codes do not allow slippers at school.
- Shirts/tops need to fit comfortably and be long enough to be tucked in.
- Hats and sweatshirt hoods may only be worn outside of the school building.
- Clothing may not have inappropriate or offensive writing or pictures, and may not include cigarettes, alcohol, drug related or violent logos and/or graphics.
- If necessary, students may be asked to change into more appropriate clothing and/or footwear (from the Lost and Found, or parents will be called to bring in more appropriate items).

Students may not wear halter tops, short shorts, or mini-skirts; half shirts; tops with “spaghetti straps”; clothing that reveals underwear, etc.; pants that are so long they come down underneath a student’s shoes; shorts or pants that are so ‘baggy’ that they keep slipping down; platform shoes/sneakers, high heels, sneakers/footwear with built-in roller blade type mechanisms, etc.

## **EDUCATIONAL PROGRAMS AND SERVICES**

### ***Art Day***

Every year, FES hosts Art Day for all FES students. The day is filled with a variety of diverse art activities. Teachers, parent volunteers, artists, and community volunteers facilitate several fun events for students to participate in throughout the day. There are activities such as dancing, origami, metal imprints, weaving, felting, theater games, and yoga. The students are able to try new things and participate in multiple art forms.

### ***Arts Integration***

The ConVal Elementary Schools' Arts Integration Program serves the district's eight elementary schools. The purpose of the program is to enrich the existing art, music, and core curriculums through exposure to various programs, performances, and activities. The program has been in place for over 10 years.

### ***Computers and Technology***

Francestown Elementary School teachers help students become comfortable with computers as an educational tool. Students are introduced to basic uses of the computer, simple word processing, educational software, and online school approved educational websites. The sites and programs are available for at home use as well. Contact your child's teacher for more information.

The overall integration of technology into both curriculum/instruction and the assessment of academics continue to be an important school and district-wide goal. Students will have the opportunity to use interactive whiteboards, digital cameras, desktops, laptops and the school computer lab.

### ***Cornucopia Project***

First and second-grade students participate in the Cornucopia Project where they engage in hands-on, agricultural lessons that allow them to establish a direct connection to the earth, and to their food source. This provides students with the basis for a long-lasting relationship with their local environment. Students learn about healthy food choices through their school gardens. Our students work in the three raised garden beds. Every spring, first graders plant organic vegetable seeds and maintain the gardens. In the fall, the second graders harvest what they have grown as first graders.

### ***Field Trips***

We appreciate parents volunteering to help chaperone school-sponsored field trips. Please note, however, that due to liability issues, non-FES children or pre-school siblings are not allowed to ride on any school bus transporting enrolled students. Parent chaperones on bus field trips who will be guiding any group of students on their own (away from a teacher/staff person) must also complete the criminal reference check process.

### ***Harris Center for Conservation***

The Harris Center works collaboratively with the ConVal teachers to link science or social studies curricula to the local landscape. Harris Center naturalists identify and research the local cultural and natural history stories and study sites surrounding the school.

In grades 2-12, the Harris Center provides students with a continuum of experiences and opportunities to study nature; develop skills as scientists, historians, and problem solvers; experience nature as a source of inspiration, creativity, and health; and to appreciate the local landscape outside our school.

### ***Library Books***

Children need their parents' help at home to take good care of school books and materials. We want students to be avid readers and are delighted with the frequent use of library and classroom books. Library books should be returned to school in good condition and within a reasonable time frame.

### ***School Counselor***

Our school counselor, Jen Swasey, provides short-term services for students who need help developing appropriate social skills, or emotional support to help cope with a transition or stressful situation that is impacting their success in school.

Most school counseling services are provided to small groups of children around particular issues such as divorce, bereavement, self-esteem, friendship skills, and goal setting; parent permission is required. The School Counselor is also available for visits from children who want to see the counselor for an informal conversation or for lunch; parent permission is not necessary for such visits.

The School Counselor also works with teachers and parents to provide appropriate support for students when needed and serves as a liaison between the school, the home, and community-based services. Parents are invited to contact the FES School Counselor about any significant family/home issues that may be impacting their child at school.

### ***Special Education***

Classroom teachers help identify struggling students and provide research-based interventions and supports for such students. If these interventions are not enough to help the student to make reasonable academic progress, the student is brought forward to the Instructional Support Team.

If it appears that there are still significant questions and issues about why a child is not progressing, he or she may be referred through the formal special education process. Once this process has been initiated (by the school or parent), parents are invited to participate in all relevant meetings and are provided with their legal parental rights. This team meets to see if a formal evaluation of the student's strengths and needs is warranted, and if so whether the results of this evaluation warrant the student being identified with an educational disability that warrants special education services.

If a student is subsequently identified as eligible for special education, an individual educational plan (IEP) is developed. Support to address IEP goals may take place within the regular classroom, in a tutoring or small-group situation outside the regular classroom, or in therapy programs (such as speech, OT, or PT).

Special Education teachers in the ConVal elementary schools are known as “EST’s” (Educational Support Teachers). EST’s are the “go to” contact people for parents whose children have identified or suspected special education needs. If you feel your child is experiencing significant learning difficulties, please contact your child’s regular classroom teacher.

### ***What I Need (WIN) Time***

Central to our instruction time is **WIN Time**. WIN time is built into our master schedule. Students attend a re-teach and enrich session at least four times a week. We believe that students do not master a standard at the same time, in the same way, with the same instruction, or with the same resources. Students are assigned to specific WIN time classes based on assessment data. During WIN time, students are provided with strategic instruction to meet the needs of each student. We work to fill in learning gaps for students who approach or fall below achievement standards. This is a valuable opportunity to teach in smaller groups, with different resources, given extended time, and possibly with a different teacher.

## **HEALTH AND WELLNESS**

### ***School Nurse Roles and Responsibilities***

The Contoocook Valley School District Registered Professional Nurses are advocates for student health in the educational setting. The School Nurse provides expertise and oversight for the provision of school health services. The goal of the School Nurse is to advance the well-being and academic success of our students and to help prepare them for a productive and healthy future. Healthy students are more able to be successful in every aspect of their lives, both at home and at school. Parents are welcome to call or visit the Nurse’s Office any time with information or questions about their child’s health.

The School Nurse performs nursing assessments and screenings, monitors communicable disease, maintains health records and immunization records, provides individualized nursing services for students with disabilities and/or health conditions, administers prescribed medications and attends to illness and injuries that occur at school. In addition, the School Nurse provides students, staff, and parents with relevant health and safety education. Books and videos on many health and childcare issues are often available for loan. **If at any time during the school year your child develops a health issue or concern, please contact the School Nurse.**

### ***Immunization Requirements***

In compliance with NH RSA 141-C:20-a Public Health Rules and ConVal District Policy, students must meet all immunization requirements prior to school entrance unless the student has applied for and met State exemptions requirements. Please refer to the Contoocook Valley School District website at [www.conval.edu](http://www.conval.edu) or the NH School Immunization website at [www.dhhs.nh.gov/dphs/immunization/documents/school](http://www.dhhs.nh.gov/dphs/immunization/documents/school) pages 14-15 for a list of specific immunizations. Parents must provide written documentation of immunizations from their Healthcare Provider (or the date of an upcoming appointment) before starting school. A student shall be exempt from immunization if:

1) A health care provider certifies that immunization against a particular disease may be detrimental to the student’s health. The exemption shall exist only for the length of time, in the opinion of the

Healthcare Provider; such immunization would be detrimental to the student. An exemption for one disease shall not affect other required immunizations.

OR

2) A parent or legal guardian objects to immunization because of religious beliefs. The parent or legal guardian shall sign a notarized form stating that the student has not been immunized because of religious beliefs. A student who is exempt from immunization shall not attend school during an outbreak of a communicable disease for which immunization is required.

If a student is not immunized, does not have a medical or religious exemption, or is unable to provide evidence of acceptable immunization for conditional enrollment, he/she will not be admitted to the school.

Exemption forms are available in the Nurse's Office or online at [www.conval.edu](http://www.conval.edu).

### ***Physical Examinations***

Students must have a complete physical examination, performed within one year, prior to or upon first entry into the public-school system. If an examination has not been performed within the past year, the school shall accept documentation of an appointment for a physical examination with a licensed Healthcare Provider, within a time determined by the School District for conditional enrollment.

### ***Screenings: Height and Weight; Vision and Hearing***

Annual height and weight measurements may take place during the school year. Vision and hearing may also be screened. In addition, parents/guardians and teachers may request a vision and/or hearing screening by contacting the School Nurse. If you do not want your child screened, please notify the School Nurse, in writing, by September 15 of the current school year.

### ***Crutches, Casts, Slings, Sutures, Surgery***

If your child is returning to school with a cast or sling, crutches or wheelchair, sutures (stitches), or after surgery, the School Nurse will need written instructions from your Healthcare Provider.

### ***Food Intolerances/Allergies***

If your child has a food intolerance or allergy, please contact the School Nurse. As there may be an occasional, unexpected classroom celebration involving food, parents should send in a supply of acceptable food to be kept in your child's classroom. If your child has a diagnosed food intolerance and is having school lunch, a special meals prescription form is available at [www.conval.edu](http://www.conval.edu). Click on the Food Services link.

### ***Head Lice***

Please refer to the ConVal District Policy JLCC in the attached Policy Section of this handbook.

### ***Latex***

Due to the rise in latex allergies, the Contoocook Valley School District has instituted a proactive procedure. In order to keep students and staff safe and healthy, latex products such as latex balloons, latex gloves, koosh balls or like products will not be allowed in any of our buildings.

### ***Guidelines for Keeping Sick Children Home***

School attendance is important. However, your child may need to stay home because he/she is too sick to be comfortable to learn at school, and/or he/she might spread a contagious illness to the other students. Students should come to school able to participate in all school activities, and should not be tired and listless. Below are some guidelines as to when to keep your child home from school.

### ***Calling the School When your Child is Home Sick***

Please remember to call your child's school whenever your child is absent. Messages may be left any time during non-school hours. Please give the actual reason for the absence such as fever, sore throat, headache, nausea, vomiting or diarrhea, so that we may keep track of "what's going around". Sick children will be sent home from school. The School Nurse may require a note from your Healthcare Provider before returning to school. Also, please note that children who are sick and stay home from school are not allowed to attend any school functions on that day.

### ***Colds***

Children with a new cough or severe cold symptoms such as sneezing, congestion and/or thick or constant nasal drainage should stay home. Minor cold symptoms such as mild stuffiness and clear nasal discharge are OK to be in school as long as your child feels well enough to participate.

### ***Eyes***

Causes of "pink eye" (conjunctivitis) are varied, and eyes are sometimes swollen and irritated with a clear drainage, by allergens or virus. However, your child should stay home from school and your Healthcare Provider called if there is mucus or pus drainage from one or both eyes with or without itching if the eye is red, puffy and/or painful, and/or there is crustiness upon waking. **If your child is diagnosed with bacterial Conjunctivitis (pink eye), your child may return to school 24 hours after treatment is started.**

### ***Fever***

**Children with a temperature of 100 degrees or higher must stay home from school. Your child may return to school after he/she is fever free for a minimum of 24 hours - without the use of fever-reducing medicine.** Fever (temperature of 100 degrees or higher) is a normal response by the body to fight off an infection. It is also an indication that your child could be contagious. Often, temperatures are lower in the morning and rise during the day. Giving your child acetaminophen or ibuprofen will reduce the temperature but will not prevent him/her from passing the illness to their classmates.

### ***Nausea/Vomiting/Diarrhea***

Your child should stay home from school if any of these illnesses has occurred within the last 24 hours.

***Rash***

Students with a widespread rash or oozing rash should stay home until cleared by a Healthcare Provider. The School Nurse may require a written note from the Healthcare Provider for re-entry to school. Students with poison ivy/oak/sumac may come to school, as it is not contagious.

***Sore Throat***

Sore throats can be caused by viruses (often at the start of a new cold), bacteria such as strep, or may have other causes. Signs of strep can vary but can include: a sore throat, swollen tonsils, and swollen lymph nodes in the neck, fever, headache, and nausea. Strep is diagnosed by a laboratory test. If you suspect strep or have concerns, please call your Healthcare Provider.

***Returning Students to School: “The 24-Hour Rule/Guideline.”***

Students may return to school after 24 hours on antibiotics, when their temperature has been less 100 degrees for 24 hours, and/or no vomiting or diarrhea for 24 hours. It is important that the school knows how to reach parents or a designated emergency contact person during the day, particularly if a child has been sick.

**MEDICATIONS AT SCHOOL**

Medication should be given at home whenever possible. Medication that is prescribed for three times a day can usually be given before school, after school, and at bedtime. Some children come to school after taking medication that causes drowsiness, such as certain cold preparations. Please save this type of medication for after school, unless your Healthcare Provider advises otherwise.

***Medication Form***

If a child requires a medication at school, prescription or over-the-counter, parents need to complete a Medication Form, available from the School Nurse or Administrative Assistant. A new form is needed for each school year and whenever there is a change in dose, time or route of administration.

***Asthma Inhalers and Epi-Pens***

Students may self-carry and administer their own asthma inhalers and/or Epi-Pens. A medication form, with parent permission and written authorization from a Healthcare Provider is required. These forms are available from the Nurse’s Office or the Administrative Assistant. If a student carries the medication, the parent/guardian is strongly encouraged to supply the Nurse’s Office with backup medication.

***Prescription Medication***

A licensed Healthcare Provider signature is required for all prescription medication. Prescription medication must be delivered in the original container, labeled by the pharmacist with the student’s name, date, medication, dosage and times to be administered. No more than a 30-school day supply of prescription medication may be kept at school.

***Administration of Prescription Medication***

A parent/guardian, or a parent/guardian designated responsible adult shall deliver all medication to be administered by school personnel to the School Nurse or the Health Office Delegatee as follows:

- 1) The prescription medication shall be delivered and kept in a pharmacy or manufacturer labeled container.
- 2) The School Nurse, or Health Office Delegatee receiving the medication, shall document the quantity of the prescription medication delivered.
- 3) The medication may be delivered by an adult other than the parent/guardian provided that the School Nurse or Health Office Delegatee is notified in advance by the parent/guardian of the delivery, and the quantity of the prescription medication being delivered to the school is specified.

***Over-The-Counter Medication***

Over-the-counter medication must be delivered by an adult in a new, unopened container. With written parent/guardian permission, ibuprofen or acetaminophen may be administered at school at the discretion of the School Nurse. A written order by a licensed Healthcare Provider may be required at the discretion of the School Nurse.

***Remaining Medications***

Parents need to pick up any remaining medication within 10 days after a medication has been discontinued, or by the last day of school if the medication is given to the student throughout the school year. Medication that is not picked up will be discarded.

Notification of such recordings is hereby established in this policy and in Policy JICK – Pupil Safety and Violence Prevention. The Superintendent or his/her designee will ensure that there is a sign prominently displayed on the school buses informing the occupants of the school buses that such video and audio recordings are occurring.

The Superintendent is charged with establishing administrative procedures to address the length of time, which the recording is retained, ownership of the recording, limitations on who may view and listen to the recording, and provisions for erasing or destroying the recordings.

### ***EEAA—VIDEO SURVEILLANCE ON SCHOOL PROPERTY***

The School Board authorizes the use of video devices on District property to ensure the health, welfare, and safety of all staff, students and visitors to District property and

to safeguard District buildings, grounds, and equipment. The Superintendent will approve appropriate locations for surveillance devices. Placement of the video cameras will be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy in public areas or quasi-public areas or at public events. Such locations may include gymnasiums, libraries, cafeterias, hallways and outside perimeters.

Signs will be posted on school building to notify students, staff and visitors that video cameras may be in use. Parents and students will also be notified through the student handbook. Copies of video recordings from surveillance cameras will normally be retained for a period of two weeks and thereafter will be erased either by deletion or copying over with a new recording. If a recording contains evidence of any misconduct or crime, it will be retained until the matter has been fully resolved. Any release or viewing/listening of recordings will be in accordance with the law and will take into consideration the privacy rights of students depicted on the recording.

Recordings from surveillance cameras may be reviewed by District personnel for disciplinary or investigative purposes and may be used as evidence in any disciplinary or criminal proceedings. Recordings from surveillance cameras will not be used in connection with the annual evaluation of teachers under the ConVal Teacher Evaluation Plan.

Recordings from surveillance cameras are not considered educational records under FERPA, unless they are maintained as part of a student disciplinary proceeding.

## **EEAEC & JICC—STUDENT CONDUCT ON SCHOOL BUSES**

Students using District transportation must understand that they are under the jurisdiction of the School from the time they board the bus until they exit the bus.

Students transported in a school bus shall be under the authority of the District and under control of the bus driver. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reasons for a student to be denied the privilege of transportation in accordance with the regulations of the Board.

The driver of the bus shall be held responsible for the orderly conduct of the students transported. Each driver has the support of the Board in maintaining good conduct on the bus. If a student is to lose the privilege of riding the bus, advance warning will be given, except for extreme misconduct.

The Superintendent or his/her designee will develop rules and regulations for conduct on buses, and these shall be printed in the Parent-Student Handbook, and made available in another language or presented orally upon request.

## **EFAA—MEAL CHARGING**

The District encourages all parents and guardians (hereinafter “parents”) to provide a healthy breakfast and lunch for their student(s). Parents are welcome to send students to school with a “brown bag/lunch box” meal. The District provides the opportunity to purchase (breakfast and) lunch (as well as after school snacks) from the school cafeteria. Each meal meets or exceeds the federal nutrition standards. Payment is expected no later than when the meal is served. Payment may be in cash (check) or as a debit against funds deposited into an established student lunch account.

The school lunch program is required by federal law to operate as a non-profit which must end each fiscal year without a negative balance. Uncollected debt must be paid to the school lunch program from other funds. Therefore, parents of students required to pay the full or reduced price for meals must ensure that the school lunch program is paid for their student’s meals. The District’s policy is to quickly escalate efforts to bring student meal accounts into

positive balance, to avoid circumstances where these accounts build significant debt.

### **Student Meal Accounts**

The District uses a point-of-sale computerized meal payment system which has an account for all students. Parents of students who will be purchasing meals using this system are required to establish and maintain a positive balance in the student's meal account.

Funds may be deposited into a student lunch account by cash, check, or on-line payment. Cash or checks made out to ConVal Food Service should be presented to the Cashier at the cafeteria, the Principal's Office, or the Food Service Office). A check may also be mailed to: 106 Hancock Road, Peterborough NH 03458. The District utilizes the services of K12PaymentCenter.com. The use of checks or on-line payments is encouraged, as each provides a record. Parents are responsible for any fees charged by the on-line service. In accordance with United States Department of Agriculture ("USDA") guidance SP 02-2015, there will be no processing fee for deposits to a student meal account made by cash or check.

Bank fees incurred on any check returned for insufficient funds will be charged to the parent. The fee may not exceed \$25.00, RSA 358-C:5, I.) In accordance with RSA 358-C:5, notice of the fee charged for a check that is returned for insufficient funds shall be included in any letter sent to a Parent seeking payment because the student meal account has a negative balance.

Each notice to parents will include information on how to verify a student meal account balance, to resolve concerns regarding the accuracy of the account balance, or to obtain information on the school meal program, including the name, title, hours when available, phone number, and e-mail address of an appropriate member of the District staff.

### **Parental Restrictions on Use of Student Meal Account**

Parents who establish a meal account for their student are responsible for establishing with their student any restrictions the parent chooses to place on use of the account. Unless restricted by the parent, a student may purchase a la carte items in addition to the regular meal choices. Some students purchase more than one meal at one sitting. (After school snacks may be purchased.) Parents must monitor the student's use of the meal account to ensure that a sufficient balance is available at all times for their student to charge meals. (The District's on-line payment system K12PaymentCenter.com allows a parent to check their students balance at any time.)

The District's policy is to ensure that students have access to healthy meals and that no student will be subject to different treatment from the standard school meal or school cafeteria procedures. Therefore, the District will

allow students to purchase a meal, even if the student's meal account has insufficient funds. This policy applies to all meal offerings generally available at the cafeteria, breakfast, lunch, and after school snacks.

### **Balance Statements**

The Superintendent shall establish a procedure at each school requiring that a low balance statement be sent to parents whenever the balance in a student's meal account falls to or below a set amount that approximates the amount typically necessary to pay for one week of meals.

The notices will be sent by e-mail when practical, otherwise by a note, sealed in an envelope, and sent home with the student. Notice prior to the account reaching zero is intended to reinforce the requirement that a positive balance be maintained in the student meal account. If a student meal account falls into debt, the initial focus will be on resuming payments for meals being consumed to stop the growth of the debt. The secondary focus will be on restoring the account to routinely having a positive balance. Only[CA1] those District staff who have received training on the confidentiality requirements of federal and state law, including the United States Department of Agriculture's ("USDA") guidance for school meal programs, and who have a need to access a child's account balance and eligibility information may communicate with parents regarding unpaid meal charges. Volunteers, including parent volunteers will not be used to communicate with parents regarding unpaid meal charges. 42 U.S.C. 1758(b)(6).

### **Free or Reduced Price Meals**

The District participates in the federally supported program to provide free or reduced price meals to students from families whose economic circumstances make paying for meals difficult. Income guidelines for eligibility are based on family size and are updated each year by the USDA. The District will ensure parents are informed of the eligibility requirements and application procedures for free or reduced cost meals as well as the requirements of this policy.

Parents shall be provided with a copy of this policy and an application for free or reduced cost meals annually at the start of the school year through a mailing or in the parents' handbook, upon enrollment of a transfer student during the school year, and as a component of all notices sent to parents seeking payment to correct a negative balance in the student meal account. The communication explaining the availability of the free or reduced price meals shall include all the elements required by federal regulation, 7 C.F.R. 245.5. Each notice shall also identify a member of the District staff, with contact information, who is available to answer questions or assist the parents with applying for free or reduced price meals.

As required by the Civil Rights Act of 1964 and USDA guidance, parents with Limited English Proficiency ("LEP") will be provided with information on this policy

and the free and reduced price meal program in a language the parents can understand. The District will utilize USDA and community resources to fulfill this requirement. This policy and links to application materials for the free or reduced price meal program will be posted on the school web site and made available to parents at each school. The District will proactively enroll students found to be categorically eligible into the free or reduced price meal program. The District will seek to enroll eligible students in the free or reduced price meal program upon learning from any source of the student's potential eligibility. When eligibility is established, the District will apply the earliest effective date permitted by federal and state law.

The District will provide a copy of this policy and application materials for free or reduced price meals to town welfare offices/human services offices and other local social service agencies who may have contact with parents who are confronting layoffs or other financial hardship.

### **Students Without Cash in Hand or a Positive Account Balance**

Regardless of whether a student has money to pay for a meal or has a negative balance in the student meal account, a student requesting a meal shall be provided with a meal from among the choices available to all students. The only exception will be where the student's parents have provided the District with specific written direction that the student not be provided with a school lunch program meal, the student has a meal sent from home, or otherwise has access to an appropriate meal. Under no circumstances will a student's selected meal be thrown away because of the status of the student's meal account.

It is the parents' responsibility to provide their student with a meal from home or to pay for school prepared meals. Therefore, the District's policy is to direct communications to parents about student meal debt. When parents chose to provide meals sent from home, it is the parents' responsibility to explain to their student the necessity of the student not using the school meal program.

Initial efforts to contact parents will be by e-mail or phone, however if those efforts are unsuccessful, letters to parents may be sent home in sealed envelopes with the student. Resolution of the problem should seek to ensure the student has ongoing access to an appropriate meal. Should the student's meal account balance fall below zero, a balance statement requesting immediate payment shall be sent to parents no less than once each month.

If the student's meal account balance debt grows to \$50.00 or more a letter demanding immediate payment shall be sent by US Mail to the parent or the parent shall be contacted by the Principal or designee by phone or in person. Where warranted, the Principal or designee may arrange a payment schedule to address current meal

consumption and arrearages while the school continues to provide the student with meals.

If the student's meal account debt grows to \$50.00 or more the parents will be requested to meet with the principal. When appropriate, the Principal or designee should explore with the parents whether an application for free or reduced cost meals is warranted. Where extenuating circumstances of financial hardship exist and the family is not eligible for free or reduced cost meals, the District will work with the parents to identify and engage governmental and private charitable resources which are available to assist the family.

If a student with a negative balance in his or her meal account seeks to purchase a meal with cash or check, the student will be allowed to do so. There is no requirement that the funds be applied first to the debt.

### **Unresolved Debt**

If the Principal determines that the best available information is that the parents are able to pay the expenses of the student's meals and the parents decline to cooperate with resolving the debt in a timely manner, the Principal shall send a letter to the parents directing them to have their student bring meals from home and cease utilizing the school meal program. The student may resume using the school meal program when a positive account balance is restored in the student's meal account (including reduced?). Note: this does not apply to free or reduced priced meals.

If the student continues to use the school meal program, a second letter shall be sent to the parents using certified mail, return receipt requested. Note: this does not apply to free or reduced priced meals.

If parents continue to fail to provide the student with a meal sent from home, continue to fail to provide funds for their student to use the school lunch program, continue to refuse to cooperate with reasonable requests by District staff to address the overdue debt, and the parent is believed to have the ability to pay, the Superintendent may pursue payment through civil legal action, including filing a claim in small claims court pursuant to RSA Chapter 503. The Superintendent is delegated authority to assess the likelihood that civil action will lead to payment, the resources required to pursue collection, and to pursue such action only when doing so is in the best interest of the District. Note: this does not apply to free or reduced priced meals.

The Superintendent shall try to identify non-profit charities that are willing to contribute funds to the district to assist in keeping a positive balance in the meal account of students whose parents do not qualify for free meals and who due to financial hardship are unable to consistently keep the student meal account in a positive balance. If at the end of the fiscal year uncollected debt in student meal accounts must, as a last resort to fulfill

federal requirements, be paid to the school meal program from other District funds, the parents' debt for unpaid meal charges shall be owed to the District. Note: this does not apply to free or reduced priced meals.

Applying the policy set forth above, the Superintendent shall determine if further collection efforts are in the best interest of the District. Any payments collected on debt that has been offset with District funds, shall be credited to the District. All debt collection efforts shall comply with RSA Chapter 358-C, New Hampshire's Unfair, Deceptive or Unreasonable Collection Practices Act.

#### **Staff Enforcement of Policy/Training**

A copy of this policy and refresher training shall be provided annually to all food service and school staff responsible for serving student meals or enforcing this policy. New staff with these responsibilities shall be provided with a written copy of the policy and training on the policy during their initial training or orientation. In accordance with federal requirements, a record shall be maintained documenting that new staff receive the policy and training. The record must also document that all applicable staff receive a copy of the policy and refresher training annually.

#### **Student with Special Dietary Needs**

Nothing in this policy prohibits providing an appropriate meal to a student with special dietary needs such as, but not limited to, diabetes, provided these needs have been documented in a health plan, Section 504, or IEP. If the meal is medically required, and the student has a negative student meal account balance, or does not have cash to purchase the meal, the necessary dietary needs will be met.

To request meal accommodations for students whose dietary needs qualify them for accommodation under law or to file a school meal program complaint with the District, contact ConVal Food Service at phone number 603 924-3336, ext. 2060.

To file a program complaint of discrimination with the USDA, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html) and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

Nondiscrimination

It is the District's policy that in the operation of child feeding programs, no child will be discriminated against

because of race, sex, color, national origin, age, or disability. 7 C.F.R. 245.5(a)(1)(viii). Students will not be denied meals due to the existence of other unpaid charges at the school or for disciplinary reasons.

#### **Assessment for Neglect Reporting**

If a student who has been determined to be ineligible for free or reduced cost meals or whose parents have refused to cooperate with filing an application for free or reduced cost meals is consistently not provided with meals, either through a meal sent from home or the payment for a meal through the school meal program, the Principal will assess whether a report of child neglect is warranted to the New Hampshire Department of Health and Human Services, Division for Children, Youth, & Families, as required by RSA 169-C:29-31.

## ***IHBI—EXTENDED LEARNING OPPORTUNITIES***

#### **Purpose**

The Board encourages students to pursue Extended Learning Opportunities (ELO) as a means of acquiring knowledge and skills through instruction or study that is outside the traditional classroom methodology. Extended Learning Opportunities may include, but are not limited to, independent study, private instruction, performing

groups, internships, community service, apprenticeships, online courses/distance education, or other opportunities approved by the Superintendent or his/her designee, in conjunction with Board policies.

The purpose of Extended Learning Opportunities is to provide educational experiences that are meaningful and relevant, and that provide students with opportunities to explore and achieve at high levels. In order to maximize student achievement and meet diverse pathways for learning, this policy permits students to employ Extended Learning Opportunities that are stimulating and intellectually challenging, and that enable students to fulfill or exceed the expectations set forth by State minimum standards and applicable Board policies.

### ***JCA – CHANGE OF SCHOOL OR ASSIGNMENT***

In circumstances where the best interests of a student warrant a change of school assignment, the Superintendent or his/her designee is authorized to reassign a student from the public school to which he/she is currently assigned to another public school, or to approve a request from another Superintendent to accept a transfer of a student from a school.

Procedures for Reassignment of Students within the District:

1. The parent or legal guardian will submit a written request for student enrollment transfer to the home and receiving building principal. The written request will include a summary of the unique circumstances leading to the request for transfer. All requests will be reviewed on a case-by-case basis at the discretion of the Superintendent; priority in decision making given to the child, the school, and the district.
2. Once the request is received by the building principals, the home principal will schedule a meeting with the parent/guardian. This meeting shall occur within five days of receipt of the written request. All requests will be shared with the Director of Student Services.
3. If the home principal supports the transfer request, he/she will communicate the decision to the receiving building principal. Both administrators must support the request for the transfer to move forward. Once approved by both administrators, each will generate a joint, written notification to the Superintendents that outlines the agreement.

The Superintendent, within 10 school days of receipt of the agreement summary, shall review the submitted summary and approve or disapprove the agreement. A

written placement decision shall be shared with the parent/guardian, as well as the two building principals.

4. If the home or receiving principal does not approve the request, the home principal will send a written denial, documenting the justification, to the parent/guardian within 15 days of receipt of the transfer request.
5. The Superintendent's reassignment decision shall be in writing, and shall be final and binding.
6. Parent/guardian requests must be made each year to the home and receiving principals, no later than June 30th. If the request is not received by June 30th, the student will attend school in the town in which the parent/guardian resides.

#### **Conditions and Procedures for Reassignment Outside the District:**

The cost of transportation for any pupil reassigned under this policy will be the sole responsibility of the parent/guardian.

The District acknowledges the provisions of RSA 193:3, which states that the District in which the student resides shall retain all responsibility for the provision of special education and related services pursuant to RSA 186-C. The Superintendent's decision on whether to enroll a nonresident student will not be based, in whole or in part, on whether that student is a student with a disability as defined by applicable State or Federal law.

#### **Manifest Educational Hardship Change of Assignment**

When a parent/guardian believes that an initial assignment has been made which will result in a manifest educational hardship to the pupil, the parent/guardian may seek a change of assignment in accordance with applicable provisions of RSA 193:3 and Board Policy JEC – Manifest Educational Hardship.

***JG—ASSIGNMENT OF STUDENTS TO CLASSES AND GRADE LEVELS***

All students who are included under the compulsory attendance law must be enrolled and are required to attend all classes prescribed by the state and the district unless exempt by school authorities.

Beginning in grade 1, students will be placed in the grade level and class that best meets their academic needs and in which they can be expected to master established district instructional and learning objectives, after consultation between the building principal, the student's teacher(s), and the student's parent/guardian. However, the building principal is ultimately responsible for making the decision regarding grade level and classes.

Students who are entering Kindergarten will be placed in a class by the building principal. In making this decision, the principal may consult with the student's parent/guardian.

Students transferring into the school district will be placed in the grade level and class that best meets their needs, after review of the records from the student's prior

***JH—ATTENDANCE, ABSENTEEISM, AND TRUANCY***

**Absences**

School-aged children enrolled in the District must attend school in accordance with all applicable state laws and Board policies. The educational program offered by the District is predicated upon the presence of the student and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress.

Attendance shall be required of all students enrolled in the District during the days and hours that school is in session.

The Board considers the following to be excused absences:

1. Illness
2. Recovery from an injury
3. Required court attendance
4. Medical and dental appointments
5. Death in the immediate family

6. Observation or celebration of a bona fide religious holiday
7. Such other good cause as may be acceptable to the Principal or permitted by law

Any absence that has not been excused for any of these reasons will be considered an unexcused absence.

In the event of an illness, parents must call the school and inform the school of the student's illness and absence. For other absences, parents must provide written notice or a written excuse that states one of these reasons for non-attendance. The Principal may require parents to provide additional documentation in support of their written notice, including but not limited to doctor's notes, court documents, obituaries, or other documents supporting the claimed reason for non-attendance.

If parents wish for their child to be absent for a reason not listed above, the parent must provide a written explanation of the reason for such absence, including why the student will be absent and for how long the student will be absent. The Principal will make a determination as to whether the stated reason for the student's absence constitutes good cause and will notify the parents via telephone and writing of his/her decision. If the Principal determines that good cause does not exist, the parents may request a conference with the Principal to again explain the reasons for non-attendance. The Principal may then reconsider his initial determination. However, at this juncture, the Principal's decision shall be final.

#### **Family Vacations/Educational Opportunities**

Generally, absences other than for illness or injury during the school year are discouraged. The school principal or his/her designee may, however, grant special approval of absence for family vacations, provided written approval is given in advance. Parents are asked to write a note to their child's teacher at least two weeks before the trip. This advance planning will allow the teacher enough time to work with parents and the student regarding homework completion.

#### **Truancy**

Truancy is defined as any unexcused absence from class or school. Any absence that has not been excused for any of the reasons listed above will be considered an unexcused absence.

- Ten half-days or five full days, or any equivalent combination thereof, of unexcused absence during a school year constitutes habitual truancy.
- A half-day absence is defined as a student missing more than two hours of instructional time and less than three and one-half hours of instructional time.
- Any absence of more than three and one-half hours of instructional time shall be considered a full-day absence.

The Principal or Truant Officer is hereby designated as the District employee responsible for overseeing truancy issues.

#### **Intervention Process to Address Truancy**

The Principal shall ensure that the administrative guidelines on attendance properly address the matter of truancy by including a process that identifies students who are habitually truant, as defined above.

When the Principal or designee identifies a student who is habitually truant or who is in danger of becoming habitually truant, he/she shall commence an intervention with the student, the student's parents, and other staff members as may be deemed necessary. The intervention shall include, but is not limited to:

1. Investigation of the cause(s) of the student's truant behavior;
2. Modification, when appropriate, of his/her educational the student's program to meet particular needs that may be causing the truancy;
3. Development of a plan, involving the parents, designed to reduce the truancy;
4. Alternative disciplinary measures, but still retains while still retaining the right to impose discipline in accordance with the District's policies and administrative guidelines on student discipline;

#### **Parental Involvement in Truancy Intervention**

When a student reaches habitual truancy status or is in danger of reaching habitual truancy status, the Principal or designee will send the student's parent a letter which includes:

1. A statement that the student has become or is in danger of becoming habitually truant;
2. A statement of the parent's responsibility to ensure that the student attends school; and
3. A request for a meeting between the parents and the Principal to discuss the student's truancy and to develop a plan for reducing the student's truancy.

#### **Developing and Coordinating Strategies for Truancy Reduction**

The Board encourages the administration to seek truancy-prevention and truancy-reduction strategies along the recommendations listed below.

1. Coordinate truancy-prevention strategies based on the early identification of truancy, such as prompt notification of absences to parents.
2. Assist school staff to develop site attendance plans by providing development strategies, resources, and referral procedures.
3. Encourage and coordinate the adoption of attendance-incentive programs at school sites and in individual classrooms that reward and celebrate good attendance and significant improvements in attendance.

However, these guidelines shall be advisory only. The Superintendent is authorized to develop and utilize other means, guidelines, and programs aimed at preventing and reducing truancy.

### **Parental Notification of Truancy Policy**

The Superintendent shall also ensure that this policy is included in or referenced in the student handbook and is made available to parents annually at the beginning of each school year.

3. Detention means the student's presence is required during non-school hours for disciplinary purposes. The building principal is authorized to establish guidelines or protocol for when detention shall be served (either before school or after school.) Whether a student will serve detention, and the length of the detention, is within the discretion of the licensed employee disciplining the student or the building principal.
4. An in-school suspension means the student will attend school but will be temporarily isolated from one or more classes while under supervision. An in-school suspension will not exceed ten consecutive school days.

3. Forms to report incidents of alleged bullying or cyberbullying shall be available at the Principal's office. Use of the form is encouraged, but not required. If the Principal or his/her designee receives the report verbally, he/she shall reduce the report received to writing within twenty-four hours of receiving the information.

Reports by Staff, Volunteer, or Employees of a Company Under Contract with the School District, or with any school in the Contoocook Valley School District.

1. Any school employee, volunteer, or employee of a company under contract with the Contoocook Valley School District, who has witnessed or has reliable information that a pupil has been subjected to bullying, or cyberbullying as defined in Section II above, shall report such incident to the Principal or his/her designee as soon as reasonably possible.

#### **IV. Notice to Parents/Guardians**

Within 48 hours of receiving a report of alleged bullying or cyberbullying, the Principal, or his/her designee, shall give notice of the report of the alleged incident to the parent(s) or guardian(s) of the victim and the perpetrator. The report shall be made by telephone or in writing; if made by telephone, a record of the report shall be made. The record should include, at a minimum, the date and time of the call. Any such notification under this policy must comply with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g. At a minimum, the notice shall advise the individuals involved of the nature of the incident, the date and time the report was received, and the procedures described in this policy. In accord with FERPA, the notice shall not contain any personally identifiable information obtained from student education records.

#### **V. Waiver of Notification Requirement**

The Superintendent may, within the 48 hour time period referenced in Section IV of this policy, grant the Principal or his/her designee a written waiver from the notification requirement in Section IV of this policy, if the Superintendent or his/her designee deems such waiver to be in the best interest of either the victim or the perpetrator. The granting of a waiver does not negate the responsibility to follow the other procedures set forth in this policy.

1. The Principal or his/her designee is responsible for investigating reports of bullying or cyberbullying. The Superintendent reserves the right to appoint another individual to conduct the investigation.
2. Investigations shall be initiated within five (5) school days of the date that the incident is reported to the Principal or his/her designee, and shall be completed within 10 school days.

In those cases where a perpetrator or victim is identified as a student with an educational disability, the Principal's response to remediate any substantiated incident of bullying or cyberbullying shall be presented to the IEP Team. The IEP Team is permitted to amend or augment the response in a manner necessary to ensure that the perpetrator and/or victim receives a free, appropriate public education, while still taking appropriate measures to remediate bullying.

#### **VII. Discipline and/or Interventions**

If, after investigating pursuant to Section VI of this policy, the Principal or his/her designee concludes that a pupil engaged in bullying or cyberbullying, that student may be subject to appropriate disciplinary action, which may include, but is not limited to, suspension and expulsion. Any such disciplinary action shall be taken in accordance to applicable board policy and legal requirements.

#### **VIII. Prohibition Against Retaliation and False Accusations**

### ***JIH—STUDENT SEARCHES AND THEIR PROPERTY***

The Superintendent, principal, security personnel of the school or other authorized personnel may detain and search any student or students on the premises of the public schools, or while attending, or while in transit on school vehicle, to any event or function sponsored or authorized by the school under the following conditions:

1. When any authorized person has reasonable suspicion that the student may have on the students' person or property alcohol; dangerous weapons; controlled dangerous substances as defined by law or stolen property if the property in question is reasonably suspected to have been taken from a student, a school employee, or the school during school activities; or any other items which have been or may reasonably be disruptive of school operations or in violation of student discipline rules and applicable provisions of the student handbook.

2. School lockers and school desks are the property of the school, not the student. Students who use school district lockers, desks, and other storage areas or compartments have no reasonable expectation of privacy from school employees as to the contents of those areas. Lockers, desks, and other storage areas or compartments may be

subjected to searches at any time with or without reasonable suspicion. Students are not to use any school area or property to store anything that should not be at school. Students shall not exchange lockers or desks. Students shall not use any lockers or desks other than those assigned to them by the principal or designee. A shared locker or storage area implies shared responsibility.

3. Authorized personnel may conduct a search of the student's person or the student's belongings, as noted above, whenever a student freely and voluntarily consents to such a search. Consent obtained through threats or coercion is not considered to be freely and voluntarily given.
4. Strip searches are forbidden. No clothing except cold weather/outdoor garments and footwear will be requested to be removed before or during a search.
5. Authorized personnel conducting a search shall have authority to detain the student or students and to preserve any contraband seized. Contraband seized during the course of a search will be preserved and held in accordance with applicable administrative rules and procedures.
6. Any searches of students as outlined herein will be conducted by authorized personnel of the same sex as the student being searched. Two authorized persons shall be present during any search of a student or student property.
7. Items that may be seized during an unauthorized search, in addition to those mentioned in Paragraph 1 above, shall include but not be limited to, any item, object, instrument, or material commonly recognized as unlawful or prohibited by law or by district policy. For example: prescription or non-prescription medicines, switchblade knives, brass knuckles, billy clubs, and pornographic literature are commonly recognizable as unlawful or prohibited items. Such items, or any other items which may pose a threat to a student, the student body, or school personnel shall be seized, identified as to ownership if possible, and held for release to proper authority.

In conducting searches of students and property, school officials should consult with legal counsel and law enforcement authorities to be aware of circumstances when involvement of the police is advisable and/or necessary. Searches of student automobiles are governed by Board Policy JIHB.

## ***JLCC—HEAD LICE POLICY***

**Screening**

Based on recommendations from the American Academy of Pediatrics, school-wide screening for nits alone is not an accurate way of predicting which children will become infested with head lice, and screening for live lice has not been proven to have a significant decrease on the incidence of head lice in a school community. As needed, the school nurse will provide information to families of all children on the diagnosis, treatment, and prevention of head lice. Parents are encouraged to check their children's heads for lice if the child is symptomatic. The school nurse may check a student's head if the student is demonstrating symptoms.

**Management on the Day of Diagnosis**

Head lice infestation poses little risk to others and does not result in additional health problems. The management of pediculosis should proceed so as to not disrupt the education process. Nonetheless, any staff member who suspects a student has head lice will report this to the school nurse or Principal. Students known to have head lice will remain in class provided the student is comfortable. If a student is not comfortable, he/she may

report to the school nurse or principal's office. Such students will be discouraged from close direct head contact with others and from sharing personal items with other students. District employees will act to ensure that student confidentiality is maintained so the child is not embarrassed. The Principal or school nurse will notify the parent/guardian by telephone or other available means if their child is found to have head lice.

**Criteria for Return to School**

Students will be allowed to return to school after proper treatment. No student will be excluded from attendance solely based on grounds that nits may be present. The school nurse may recheck a child's head. In addition, the school nurse or school social worker may offer extra help or information to families of children who are repeatedly or chronically infested.

The intent of this policy is to provide general standards for the administration of necessary medication to students during school hours and school-sponsored activities.

The following policy will be adhered to when a student requires medication administration during school hours and scheduled school-sponsored activities, events or programs. In addition, the school nurse and principal are responsible for ensuring the provisions of Ed. 311.02, Medication During the School Day, are followed.

**Obligations of the District**

All medication to be administered shall be kept in a securely-locked cabinet. Controlled medications must be double-locked. If at any time the cabinet is broken into resulting in missing medication, school administration and the police will be notified immediately. The parent/guardian/adult student will be notified of the incident and must replenish the supply of medication.

If the school nurse is not available, the building principal or the principal's designee is permitted to *assist* students in taking required medications by: (1) making such medications available to the student as needed; and (2) observing the student as he/she takes or does not take his/her medication; and (3) recording whether the student did or did not take his/her medication.

The school nurse will maintain all necessary records relative to the emergency administration of medication and will file all such reports as may be required.

The School Board hereby authorizes the school nurse to maintain a supply of emergency medications, i.e.; bronchodilators and epinephrine.

It is the policy of this District that its school nurses and all Health Office Delegates (HODs) shall be properly trained in the administration of medication in a manner consistent with this policy. HODs shall be trained on an annual basis and the school nurse shall document that

A school nurse alone has the authority to delegate medication administration and may delegate only if appropriate under the Nurse Practice Act and follows the *Standards of Delegation for School Nurses in New Hampshire*.

The School Nurse may stock epinephrine in the Health Office per RSA 318:42 for the emergency treatment of anaphylaxis of a student, as determined by the school nurse.

### **Storage of Medication**

It is the policy of the District that all medications, both school, and parent-provided, shall be securely and properly stored, in a manner consistent with all applicable laws, as well as safe and prudent school nursing practices.

At the discretion of the school nurse, other medications, such as insulin, may be carried and self-administered by the student.

A single dose of medication may be transferred by the school nurse from the original container to a newly labeled container for the purposes of field trips or school sponsored activities.

Verbal orders from a licensed health care provider may be accepted by the school nurse only and shall be followed with a written order. Faxed or e-mailed orders are acceptable.

The school nurse is responsible for keeping accurate records regarding the administration of medication to students. The school nurse shall maintain medication records of inventory, storage and administration in accord with ED 311.02 (Medication During the School Day).

### **Obligations of the Parent/Guardian/Adult Student**

If the student's life-saving medication is not provided by the parent/guardian/adult student, the student shall not be permitted to attend any school-sponsored activities (5) it is the responsibility of the parent/guardian/adult student to notify the health office of any changes in student health, allergy status or medication changes.

Students requiring prescription medication administration must have a ConVal District medication permission form completed by parent/guardian/adult student and a licensed health care provider and placed on file in the health office. The forms shall comply with standards set forth in NH Code of Administrative Rules Section Ed 311.02. The school nurse, with written authorization of parent/guardian/adult student shall administer non-prescription/OTC medication. At the discretion of the school nurse, a written licensed prescriber's order may be required. If the school nurse is not available and written parent/guardian/adult student permission is on file, the principal or principal's designee is permitted to **assist** students in taking OTCs after consultation with the parent/guardian.

Furthermore, any student with a health condition requiring treatment with herbals, homeopathics, essential oils, or other complementary forms of therapeutic interventions shall have a school medication permission form completed by the parent/guardian/adult student as well as a licensed healthcare provider.

Alternative medications should, whenever practicable, be taken at home. Parents/guardians should inform the school nurse of any such alternative medications. The school nurse shall not administer alternative medications, such as herbal medication, homeopathic medication, essential oils, or other similar forms of alternative medication unless the parent/guardian/adult student has completed and placed on file in the school health office a school medication permission form naming the specific alternative medicine and providing evidence that is has been prescribed by a licensed prescriber. The School Nurse shall not administer an alternative medicine that is prohibited by State or Federal law, or which is unlawful to possess in school.

Students may possess and self-administer a metered dose inhaler or a dry powder inhaler to alleviate or prevent asthmatic symptoms, an auto-injector for severe allergic reactions, and other injectable medications necessary to treat life-threatening conditions. The parent/guardian/adult student and physician must authorize such self-possession and self-administration by completing a school self-administration form in accordance with RSA 200:42 and RSA 200:46. Inhalers and epinephrine auto injectors must be properly labeled with the student's name and type of medication. The student will be held responsible to keep self-carried medication in a safe place that is not accessible to other students. When a student finds it necessary to use his/her auto-injector, s/he shall immediately report it to the nearest supervising adult.

Students shall not share any prescription or over-the-counter medication with another student. Notice of this prohibition shall be published in student handbooks. Students acting in violation of this prohibition will be referred to school administration and may be subject to discipline consistent with applicable Board policies (JICH — Drug and Alcohol Use By Students, JIH — Student Searches and Their Property).

Student medications may be retrieved from the health office by the parent/guardian/adult student or a designated adult at any time during regular school hours. Medication will be discarded if not picked up within 10 days after the medication is discontinued. All medication must be picked up by the last day of school or it will be discarded.

#### **Civil Immunity**

**JLDBA—BEHAVIOR  
MANAGEMENT AND  
INTERVENTION**

It is the policy of the Board to promote an environment that is safe and conducive to learning for all students and staff. To ensure that our students and staff have an environment that is safe and conducive to learning, the Board directs the Superintendent or designee to set forth procedures for behavior management and interventions that are designed to maintain a positive environment.

Student conduct that disrupts class work, involves disorder, or invades the rights of others will not be tolerated and may be cause for disciplinary action which may include suspension.

The administration of disciplinary action will focus both on consequences and on changing or managing inappropriate behavior.

It is important that there be careful evaluation of the individual situation so that the school's response to the student is appropriate.

If the student has an Individualized Education Program (IEP), the process will follow federal and state laws governing special education.

All available resources should be utilized, including preventive and positive interventions and supports to support student needs. These interventions should include psychological, curricular, and behavioral services, which should take place within classrooms, schools, and alternative settings. Exclusion from the classroom should be the disciplinary action of last resort.

The Superintendent or designee will also ensure that positive classroom behavior management skills are addressed through professional development, and that there is an adequate system of recordkeeping regarding disciplinary infractions and interventions.

The use of corporal punishment is prohibited in District schools.

This policy will be reviewed on an ongoing basis in accordance with the Board's policy review process.

**JRA—STUDENT RECORDS,  
PRIVACY, FAMILY AND ADULT  
STUDENT RIGHTS**

**I. Student Records and Access by School Officials**

The District shall maintain a student record system designed to benefit the education of every student and to assist school staff in educating students.

School personnel shall maintain all student records required by federal statute, federal regulations, state statute, and State of New Hampshire Department of Education regulations, as well as such other student

record information as is deemed by the District's administration to be beneficial to the education of each student. Student record information shall be created and kept in a format which assists the District in meeting the educational needs of students. Staff shall exercise care to ensure accuracy in creating student record information.

The intent of the District is to comply fully with the provisions of the Family Education Rights and Privacy Act of 1974, 20 U.S.C. 1232(g) et. seq. ["FERPA"] as well as any other state and federal laws pertaining to student records, personally identifiable student information, and confidentiality. Therefore, all student records and personally identifiable student record information shall be deemed confidential and shall only be disclosed to third parties with prior written parental consent, or pursuant to a recognized exception to that requirement under state and federal law. Student records may only be transferred outside the district in accord with state and federal laws.

Upon request, the ConVal School District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for the purpose of the student's enrollment or transfer.

The School Board directs its administration to develop, maintain, and disseminate to staff a comprehensive student records management procedure which shall include detailed procedures to protect student records and personally identifiable student information at the collection, storage, disclosure, and destruction stage in a manner consistent with state and federal law.

Access by school officials to personally identifiable student educational records without prior written parental consent shall be limited to those school officials who have a legitimate educational interest in accessing the records. A "legitimate educational interest" shall exist if the school official needs to review an educational record in order to perform his or her professional responsibility. Examples include:

1. Matters relating to provision, supervision, selection, evaluation, funding or budgeting of services to one or more students;
2. Discipline of a student;
3. Assessment or monitoring of one or more students;
4. Planning for future service provision for one or more students;

## II. Parent, Guardian or Adult Student Access to Student Records

All parents with legal custody, foster parents, lawful guardians, and adult students have the right to inspect and review the student's educational records as well as to request and receive personally identifiable student data. Requests for access shall be submitted to the school which the student attends, shall be made in writing, and shall designate the records which the parent/guardian/adult student wishes to inspect and review. In accord with New Hampshire law access shall be granted within 14 days after the school receives the request. The Superintendent shall establish a reasonable fee for providing copies of records, and may require that the same be paid prior to release of the copies.

Where the parents of a students are separated or divorced, or for some other reason the student is not in joint custody of both of his parents, information disclosed to one parent concerning the student shall be disclosed to the other natural parent or person having legal custody of the student.

Information may also be disclosed to a person having written authority from the legal custodian of the student, provided that written authority includes written consent to access student record information. All releases of record information shall be recorded in the log attached to the student's cumulative file.

## III. Release of Student Records to Others

All parents, guardians, and adult students have the right to consent or to deny consent to disclosure of student records and personally identifiable information contained in the student's educational records, except to the extent that FERPA and the related federal regulations authorize disclosure without written consent. No student record, or personally identifiable student information, other than designated Directory Information shall be released to any third party unless the parent/guardian/adult student has given prior written consent, or the District has acted under an exception to the written consent requirement. The District shall maintain Authorization Forms for use by parents, guardians, and adult students who seek disclosure of records to a third party.

When the District releases records to a third party on the basis of a FERPA exception to the written consent requirement, to the extent required by FERPA, an entry shall be made in the appropriate student log identifying the date of the release, the individual releasing the record, and the exception under which the District is proceeding.

Student records are exempt from disclosure under the Right to Know law, RSA 91-A:5.

## IV. Right to seek Amendment of a Student's Educational Records

The request should clearly identify the part of the record that the requestor wants amended and should specify why it is inaccurate, misleading or violates of the student's privacy.

If the School District decides not to amend the record as requested by the parent, guardian or eligible student, the School District shall notify the parent or adult student of its decision and advise them of a right to a hearing on their request for an amendment. If the requesting party seeks a hearing, the matter shall be heard by the Superintendent or her designee. Additional information regarding due process and the hearing shall be provided to the requesting party upon receipt of their request for a hearing. The Superintendent's decision may be appealed to the School Board.

### ***KED—GRIEVANCE PROCEDURE (SECTION 504)***

This policy contains grievance procedures which address alleged violations of Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990. The District's Civil Rights Coordinator is charged with efforts to comply with these laws.

1. The School Board hereby adopts the following Grievance Procedure, which may be used by any person believing that the District, School Administrative Unit (SAU), employees of the District or SAU, students, or third parties violated any of the laws or regulations referenced above. The Assistant Superintendent is designated as the District's Civil Rights Coordinator. He/she is charged with efforts to comply with the above referenced laws. The Assistant Superintendent may be reached at: School Administrative Unit #1, 106 Hancock Road, Peterborough, NH 03458, 603-924-3336. Any complainant has the right to file a grievance with the Civil Rights Coordinator, should they not wish to pursue the informal process described in paragraph 2, below.

2. Any person who has a grievance may discuss it first with the appropriate building Principal in an attempt to resolve the matter informally at that level. The alleged violation must have occurred within 180 days of the informal discussion. The complainant may, at any time, suspend the informal process and submit a formal grievance to the building Principal.

3. If, within five school days of the informal discussion, the matter is not resolved to the satisfaction of the aggrieved party, or if the aggrieved party wish to bypass the informal process and file a formal grievance, the complainant may submit a formal grievance (verbally or in writing) to the Building Principal. A written grievance should contain the name and address of the complainant, a description of the alleged violation, and the remedy or

relief sought. The alleged violation must have occurred within 180 days of the date that the grievance was filed. If the complaint is made verbally, the Principal shall reduce the allegations to writing and provide a copy to the complainant. The Principal shall investigate the allegations in the complaint. The aggrieved party, and where appropriate, the person alleged to have discriminated against the complainant, shall have the opportunity to present witnesses and other evidence. The Principal shall communicate his/her decision to the aggrieved party in writing within five (5) school days of receipt of the grievance, unless the complainant and the District agree to extend this timeline. The Principal's written decision shall comply with all applicable privacy laws, including but not limited to, the Family Educational Rights and Privacy Act.

4. If the grievance is not resolved to the complainant's satisfaction, the aggrieved party, no later than five (5) school days after receipt of the Principal's decision, may appeal the Principal's decision to the Civil Rights Coordinator. The appeal to the Coordinator must be made in writing, reciting the matter submitted to the Principal and the aggrieved party's dissatisfaction with decisions previously rendered. The Coordinator shall meet with the aggrieved party to attempt to resolve the matter as quickly as possible, but within a period not to exceed five (5) school days. The Coordinator shall communicate his/her decision in writing to the aggrieved party and the Principal not later than five (5) school days after the meeting with the aggrieved party.

5. The District will take steps, including but not limited to, discipline of students and/or employees, to prevent recurrence of any discriminatory conduct, and to correct discriminatory effects on the complainant and others, if appropriate. The District will also take steps, including but not limited to, discipline of students and/or employees, to prevent retaliation against the person who made the complaint (and/or was the subject of the discrimination), and against those who participated in the investigation of the alleged discriminatory conduct. Potential consequences for any violations of the above-referenced regulations, including engaging in retaliatory conduct, include, but are not limited to: written warning to the offender(s), suspension, expulsion, or termination of the offender(s), non-disciplinary interventions, or any other remedial steps necessary to ensure compliance with these

regulations. Where appropriate, the District may also provide the complainant(s) or victim(s) with non-disciplinary interventions. The District shall not retaliate against anyone who files a grievance or participates in the investigation of a grievance.

6. If the complainant and the District agree, the Principal or the Civil Rights Coordinator may attempt to resolve the complaint through mediation. If the parties decide to pursue mediation, the timelines for the completion of the investigation or appeal will be standing, pending the resolution of the mediation. If the School District and aggrieved party agree on a mutual solution to the alleged discrimination, the investigation or appeal would be closed.

7. The decision of the Civil Rights Coordinator is final pending any further legal recourse as may be described in current local district, state, or federal statutes pertaining to Section 504 of the Rehabilitation Act of 1973 or Title II of the Americans with Disabilities Act of 1990. A complainant has the right to file a complaint at any time alleging discrimination under the above referenced laws and regulations with the; U.S. Department of Education, Office for Civil Rights, 5 Post Office Square, Suite 900, 8th Floor, Boston, MA 02109-3921.

8. This grievance procedure shall be disseminated to students, parents/guardians, employees, and other interested parties. The procedure shall be available on the ConVal School District's website, shall be printed in the parent/student handbook, and shall be available upon request from the building Principal or his/her designee, and at the SAU office.
